Tried & Trusted Auto-ID Printing for  
Hospitals, Pharmacies & Surgeries

**> MOBILE SOLUTIONS FOR HEALTHCARE**  
**WHY CHOOSE TOSHIBA HEALTHCARE SOLUTIONS**

Through understanding the unique day-to-day issues faced by health professionals, Toshiba and its partners provide effective mobile solutions for today's flexible working demands. These solutions enable healthcare organisations, such as NHS and Primary Care Trusts, community practitioners and other associated agencies to directly improve measurable objectives such as service levels and patient care outcomes.

Toshiba printers are the choice across the world for healthcare professionals in the workplace and on the move, providing on-demand labels, tickets and receipts efficiently and immediately.

- > Patient wristband IDs
- > Document ID labels
- > Mobile pharmacy
- > Tickets & receipts
- > Food ordering
- > Barcode labels

### B-EP2 & B-EP4 - Portable Printing

Integrating with all types of system infrastructures, Toshiba portable printers are used to produce prescriptions, tickets and labels whenever and wherever they are required. Rugged and reliable, yet incredibly small and light, they are designed to be worn effortlessly by healthcare professionals.

- > Ultra-compact and contemporary rugged design
- > Operator keypad with a backlit LCD information display
- > Superior print speed, with 'peel and present' labelling
- > Largest media capacity with quick & simple media loading
- > Flexible connectivity: USB, Bluetooth & wireless LAN
- > Swaps easily into existing systems

### B-EV4D & B-EV4T - Desktop Solutions

Producing top quality barcode labels on demand only when needed can dramatically reduce wastage. Dedicated Toshiba desktop label printers are compact, fast and so easy to use, giving professional and reliable results time after time.

- > Compact professional label printing
- > Design & print straight from a PC
- > 200 or 300dpi print resolution models
- > Slots straight into existing systems
- > Legendary build quality in a tough plastic case

With exciting and refreshing product advances, superior build quality and reliability, all backed up by an extensive support network, trust Toshiba for all your auto-ID printing requirements.
